GENERAL DESCRIPTION AND SCOPE OF WORK

CONDITIONS OF CONTRACT

CLAUSE -1 :- Security Deposit

The person/persons whose tenders may be accepted (hereinafter called the Contractor, which expression shall unless excluded by or repugnant to the context include his heirs, executors, administrators and assigns) shall (A) within 10 days (which may be extended by the City / Executive Engineer concerned upto 15 days” if the City / Executive Engineer thinks fit to do so) of the receipt by him of the notification of the acceptance of this tender deposit with the City / Executive Engineer in cash or approved securities endorsed to the Commissioner of sum sufficient which will make up the full security deposit specified in the tender and (1) above and (B) Permit MBMC at the time of making any payment to him for work done under the contract to deduct such as will amount to two percent. Of all money so payable such deductions to be held by MBMC Bhayandar by way of security deposit unit the full amount of the security deposit is made up. All compensation or other money payable, by the Contractor to MBMC Bhayandar under the terms of his contract may be deducted from or paid by the sale of sufficient part of his security deposit or from the interest arising therefrom or from any sums which may be due or may become due by MBMC Bhayandar to the contractor under any other contract or transaction of any nature on any account whatsoever and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid the contractor shall, within ten days thereafter, make good in cash or approved securities endorsed as aforesaid any sum or sums which may have been deducted from or raised by sale of his security deposit or nay part thereof The security deposit referred to then paid in cash may, at the cost of the depositor, be converted into interest bearing securities.

If the amount of security deposit to the paid in lump-sum within the period specified at (A) above is not paid the tender/contract already accepted shall be considered as cancelled and legal steps taken against the contractor for recovery of the amounts. The amount of security of deposit retained by the MBMC Bhayandar shall be released after the expiry of period upto which the contractor has agreed to maintain the work in good order is over. In the event of the contractor failing or negligence to complete rectification work within the period upto which the contractor has agreed to maintain the work in good order, then subject to provisions of clauses 17 and 20 hereof the amount of security deposit returned, by MBMC Bhayandar shall be adjusted towards excess cost incurred by the MBMC Bhayandar on rectification work.

CLAUSE 2 :- Compensation for delay

The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract, be proceeded with, all due delihence (time being deemed to be of the essence of the contract on the part of the contractor) and the contractor shall pay a compensation as an amount equal to one percent or such smaller amount as City / Executive Engineer (Whose decision in writing, shall be final) may decide, of the amount of the estimated cost of the whole work as shown by the tenderer for every day that the work remains uncommenced, or unfinished after the proper dates. And further to ensure good progress during the executing of the work the contractor shall be bound, in all case in which the time allowed for any work exceeds one month to complete.

NOTE :- The quantity of the work to be done within particular time to be specified above shall be fixed by the City / Executive Engineer after taking into consideration the circumstances of each case. And abide by the program of detailed progress laid down by the City / Executive Engineer.

The following proportions will usually be found suitable : In 1/4, 1/2, 3/4 of the time.

Reasonable progress of earth work: 1/6, 1/2 , 3/4 of the total value of the work to be done.

Reasonable progress of masonry work : 1/1 0,4/10, 8/10 of the total value of the work to be done.

In the event of the contractor failing to comply with these conditions he shall be liable to pay as compensation as amount equal to one percent or such smallest amounts as the City / Executive Engineer (Whose decision in writing shall be final) may decide of the said estimated cost of the whole work for every day that the due quantity of the work remains uncommenced or incomplete, provided always that the total amount of the compensation to be paid under provisions of this clause shall not exceed 10% of the estimated cost of the work shown in the tender.

Contractor
MBMC

No. of Corrections

Executive Engineer

CLAUSE 3 :- Action when whole of the security deposit is forfeited

In the case in which under any laws of this contract the contractor shall have rendered himself liable to pay compensation amounting to the whole of his security deposit (Whether paid in one sum or deducted, by installments) or in the case of abandonment of the work, owing to serious illness or death of the contractor or any other cause, the Executive Engineer on behalf of the MBMC Bhayandar shall have power to adopt any of the following courses as he may deem best suited to the interest of MBMC Bhayandar.

- a) To rescind the contract (Of which rescission notice in writing to the contractor under the signature of the Executive Engineer) shall be conclusive evidence and in that case the security deposit of the contractor shall stand forfeited and be absolutely at the disposal of the MBMC, Bhayandar.
- b) To carry out the work or any part of the work departmentally, debiting the contractor with the cost of the work expenditure incurred on tools and plants and charges on additional supervisory staff including the cost of work charged establishment employed for getting the unexecuted part of the work- completed and crediting him with the value of the work done departmentally in all respect in the same manner and at the rates as if it has been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to the cost and other allied expense as incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.
- c) To order that the work of the contractor be measured up and to take such part as thereof as shall be unexecuted out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work charged establishment and cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to all cost of the work and other expenses incurred as aforesaid for, or in getting the unexecuted work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under clause (a) above the contractor shall not be entitled to recover or be paid any sum for any work therefor actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing performance of such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the course referred to in clause (b) or (c) being adopted and the cost of work executed departmentally or through a new contractor and other allied expenses exceeding the value of such work credited to the contractors, the amount of excess value shall be deducted from any money due to the contractor by the MBMC Bhayandar under the contract or otherwise howsoever or from his security deposit or the sale proceeds thereof, provided however that the contractor shall have no claim against MBMC Bhayandar even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses provided always that whichever of the three Courses mentioned in clauses (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss Sustained by him by reason of his having purchased Or procured any material or entered into engagements or made any advances on account or with a view of the execution of the work or the performance of the contract. The certificates of the Executive Engineer as to all cost of the work and other expenses incurred as aforesaid for or in getting the unexecuted work done by the new contractor and as to the value of the work so done and shall be final and conclusive against the contractor.

CLAUSE 4 :- Action when the progress of any particular portion of the work is unsatisfactory.

If the progress of any particular portion of the work is unsatisfactory the Executive Engineer shall notwithstanding that the general progress of the work is satisfactory in accordance with clause (2) be entitled to take action under clause (3) (9b) after giving the contractor 10 days notice in writing and the contractor will have no claim for compensation, for any loss sustained by him owing to such action.

CLAUSE 5 :- Contractor liable to pay compensation if action not taken under clauses 3 & 4

In any case in which any of the power conferred upon the Executive Engineer by clause 3 and 4 thereof shall have become exercised, non-exercise thereof shall notwithstanding be exercised in the event of by future case of default by the contractor, for which, by any clause or clauses hereof he is declared liable to pay compensation amounting to the whole of his security deposit and the liability of the contractor for past and future compensation shall remain unaffected.

CLAUSE 9 :- Payment At reduced rates on account of items of work not accepted as completed, to be at the discretion of the Engineer-in-charge.

The rates for several items on work estimated to cost more than Rs. 10000/- agreed to within, shall be valid only when the item concerned is accepted as having been completed fully in accordance with the sanctioned specifications. In case where the items of work are not accepted as so completed the Engineer-in-charge may make payment on account of items at such reduced rates as he may consider reasonable in the preparation of final or on accounts bill.

CLAUSE10 :- Bills to be submitted monthly

A bill shall be submitted by the contractor in each month or as per the work done on or before the date fixed by the Engineer-in-charge for all work executed in the previous month and the Engineer -in-charge shall take or cause to be taken requisite measurement for the purpose of having the same verified , and the claim so far as it is admissible, shall be adjusted, if possible, within 10 days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid , the Engineer-in-charge may depute a subordinate to measure the said work in the presence of the contractor or his duty authorised agent whose counter signature to the measurement list shall be sufficient warrant, and the Engineer-in-charge may prepare a bill from such list which shall be binding on the contractor in all respects.

CLAUSE 11 :- Bills to be on printed forms

The Contractor shall submit all bills on the printed forms to be had on application at the office of the Engineer-in-charge . The charges to be made in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions and not mentioned or provided for in the tender, at the rates hereinafter provided for such work.

CLAUSE 12 :- Stores supplied by Mira Bhayandar Municipal Corporation, Bhayandar

If the specifications or estimate of the work provided for the use of any special description of materials to be supplied from the MBMC stores of if it is required that the contractor shall use certain stores to be provided by the Engineer-in-charge (such materials and stores and the prices to be charged therefore as hereinafter to mention being so far as practicable for the convenience of the contractor but not so as in anyway to control the meaning and effect of this contract-specified in the schedule or memorandum hereto annexed) the contractor shall be supplied with such materials and stores as he may be required from time to time to be used by him for the purpose of the contract only and the value of the full quantity of materials and stores supplied shall be set off or deducted from any sums then due or thereafter to become due to the contractor under the contract, or otherwise, or from the security deposits or the proceeds of the sale thereof If the deposit is held in approved securities, the same or a sufficient portion thereof shall in that case be sold for the purpose. All materials supplied to the contractors shall remain the absolute property of MBMC, Bhayandar and shall on no account be removed from the site of work, and shall at all times be open to inspection by the Engineer-in-charge. Any such materials unused and in perfectly good condition at the time of completion or termination of the contract shall be returned to the MBMC Bhayandar store, if the Engineer-in-charge so requires by notice in writing given under his hand but the contractor shall not be entitled to return any such material except with such consent of the Engineer-in-charge and he shall have no claim for compensation on account of any such material supplied to him as aforesaid but remaining unused by him or for any wastage in or damage to any such materials.

CLAUSE 12 (A) :-

All stores of controlled materials such as cement, steel, etc. supplied to the contractor by MBMC or procured by the contractor, should be kept by the contractor under lock and key and they will be accessible for inspection by the Executive Engineer or his authorised agent at all the times.

CLAUSE 13 :- Works to be executed in accordance with specifications, drawings, orders, etc.

The contractor shall execute the whole and every part of the work in the most substantial and workman like manner, and both as regards material and in every other respect in strict accordance with specifications. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Engineer-in-Charge and loaded. in his office and to which the contractor shall be entitled to have access for the purpose of inspections at such office, or in the site of the work during office hours . The contractor will be entitled to receive three sets of contract drawings and working drawings as well as one certified copy of the accepted tender along with the work order free of cost.

Executive Engineer

CLAUSE 14 :- Alterations in specifications and designs not to invalidate contracts.

The Engineer-in-charge shall have power to make any alternations in or additions to the original specification drawings, designs and instructions that may appear to be necessary or advisable during the progress of the work and the contractor shall be bound to carry out the work in accordance with any instructions in this connection which may be given to him in writing signed by the Engineer-in-charge and such alteration shall not invalidate the contract, and any additional work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respect on which he agreed to do the main work. And if the additional and altered work includes any class of work for which no rates as per specified in this contract, then such rates or at the rates mutually agreed upon between the Engineer-in-charge and the contractor, whichever is lower.

Rates for works not entered in estimates or schedule of rates of the district/division.

If the additional or altered work, for which no rate is entered in the Schedule of Rates of schedule as adopted by MBMC ordered to be carried out before the rate is agreed upon, then the contractor shall within seven days of the date of receipt by him of the order to carry out the work, inform the Engineer-incharge of the rate which it is his intention to charge for such class of work and if the Engineer-in-charge does not agree to this rate he shall by notice in writing be at liberty to cancel his order to carry out such class of work and arrange to carry it out in such manner as he may consider advisable, provided always that the contractor shall commence work or incur any expenditure in regard thereto before the rates shall have been determined as lastly herein before mentioned, then in such case he shall only be entitled to be paid in respect of the work carried out or expenditure by him prior to the date of the determination of the rates as aforesaid according to such rate or rates as shall be fixed by the Engineer-in-charge. In the event of a dispute, the decision of the City Engineer of the MBMC will be final.

Extension of time in consequence of additions or alterations.

The time limit for the completion of the work shall be extended in the proportion that the increase in its cost occasioned by alterations or additions bears to the cost of the original contract work, and a certificate of the Engineer-in-charge as to such proportion shall be conclusive.

CLAUSE 15 :- No claim to any payment or compensation for alteration in or restriction of work

- 1) If at any time after the execution of the contract documents, the Engineer-in-charge shall for reasons whatsoever (other than default on the part of the contractor for which the MBMC is entitled to rescind the contract) desires that the work or any part of the work specified in the tender should be suspended for any period of that the whole or part of the work should not be carried out at all, he shall give to the contractor a notice in writing of such desire and upon receipt of such notice the contractor shall forthwith suspend or stop the work wholly or in part as required, after having due regard to the appropriate stage at which the work should be stopped or suspended so as not to cause any damage or injury to the work already done or endanger the safety thereof provided that the decision of the Executive Engineer as to the stage at which the work any part of it could be or could have been safely stopped or suspended shall be final and conclusive against the contractor. The contractor shall have no claim to any payment of compensation whatsoever by reason of or in pursuance of any notice as aforesaid on account if any suspension stoppage or curtailment except to the extent specified hereinafter.
- 2) Where the total suspension of work- ordered as aforesaid continued continuous for a period exceeding 90 days . the contractor shall be at liberty to withdraw from the contractual obligations under the contract so far as it pertains to the unexecuted part of the work by giving 10 days prior notice in writing to the Executive Engineer within 30 days of the expiry of the said period of 90 days of such intention requiring the Executive Engineer to record the final measurement of the work already done and to pay the final bill. Upon giving such a notice the contractor shall be deemed to have been discharged from his obligations to complete the remaining unexecuted work under this contract. On receipt of such notice the Executive Engineer shall proceed to complete the measurement and make such payments as finally due to the contractor within the period of 90 days from receipt of such notice in respect of the work already done by the contractor, such payment shall not in any manner prejudice the right of the contractor to any further compensation.
- 3) Where the Engineer-in-charge requires the contractor to suspend the work-for the period of excess of 30 days at any time or 60 days at any time or 60 days in aggregate , the contractor shall be entitled to apply to the Executive Engineer within 30 days of the resumption of the work after such suspension of payment of compensation to the extent of pecuniary loss suffered by him in respect of working machinery remaining idle on site or on account of his having had to pay the salary or wages of labour engaged by him during the said period of suspension provided always that contractor shall not be entitled to any claim in respect of any such working machinery, salary or wages whatsoever occasioned by unsatisfactory work or any other default on his part. The decision of the Engineer-in-charge-in this regard shall be final and conclusive against the contractor.

4) In the event of :

- i) Any total stoppage of work on notice from the Executive Engineer under sub-clause (1) in that behalf.
- ii) Withdrawal by the contractor from the contractual obligation to complete the remaining unexecuted work under sub clause (2) on account of continued suspension of work- for a period exceeding (90) days.
- iii) Curtailment in the quantity of item or items originally tendered on account of any alternations omissions or substitution as in the specifications, drawings, designs or instructions under clause 24 (I) where such curtailment exceeds 25% in quantity an the value of the quantity curtailed beyond 25% at the rates for items specified if the tender is more than Rs. 5,000/-.

It shall be open to the contractor within (90) days from the service of (1) the notice of stoppage of work or (ii) the notice of withdrawal from the contractual obligations under the contract on account of the continued suspension of the work or (iii) notice under clause 14(1) resulting in such curtailment to produce to the Executive Engineer satisfactory documentary evidence that he had purchased or agreed to purchase materials to use in the contacted work. Before receipt by him of the notice the stoppage, suspension or curtailment and require the MBMC to take over on payment of such material at the rate shall in no case exceeds the rates at which the same where acquired by the contractor. The MBMC Bhayandar shall thereafter take over the material so offered provided the quantifies offered are not in excess of the requirements of the unexecuted work as specified in the accepted tender and are of quality and specifications approved -by the Executive Engineer.

CLAUSE 15 (A) :- No claim to compensation on account of loss due to delay in supply of material by MBMC Bhayandar.

The contractor shall not be entitled to aim any compensation from the MBMC Bhayandar for the loss suffered by him on account of delay by MBMC Bhayandar in the supply of materials entered in schedule "A" where such delay is caused by

- I) Difficulties relating to the supply of railway wagons.
- II) Force majeure.
- III) Act of God.
- IV) Act of enemies of the state or any other reasonable cause beyond control of Government.

In case of such delay in the supply of material, the MBMC Bhayandar shall grant such extension of time for the completion of the works as shall appear to the Executive Engineer to be reasonable in accordance with the circumstances of the case. The decision of the Executive Engineer as to the extension of time shall be accepted as final by the contractor.

CLAUSE 16 :- Time limit for unforeseen claims

Under no circumstances what so ever shall be contractor be entitled to any compensation from MBMC Bhayandar on any account unless the contractor shall have submitted a claim in writing to the Engineer-in-charge within one month of the case of such claim occurring.

CLAUSE 17 :- Action & compensation payable in case of bad work

If any time before the security deposit or any part thereof is refunded to the contractor it shall appear, to the Engineer-in-charge or his subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship or with materials of inferior quality, or that any materials or articles, provided by him for the executing of the work are unsound or the quality inferior to that contracted for, or are otherwise not in accordance with the contract. It shall be lawful for the Engineer-in-charge to intimate this fact in writing, to the contractor and then notwithstanding the fact that the works, materials or articles, complained of may have been inadvertently passed, certified and paid for, the contractor shall be bound forthwith to rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or if so required shall remove the material or article so specified and provide other proper and suitable material or articles at his own charge and cost and in the event of his failing to do so within a period to be specified by the Engineer-in-charge in written intimation aforesaid the contractor shall be liable to pay compensation at he rate 1% on the amount of the estimate for, everyday not exceeding 10 days during which the failure so continues and in the case of any such failure Engineer-in-Charge may rectify or remove and re-execute the work or remove the replace the materials or articles complained of as the case may be at the risk and expenses in all respects, of the contractor. Should the Engineer-in-charge, consider that any such inferior work or materials, as described above maybe accepted or made use of it shall be within his discretion to accept the same at such reduced as he may fix therefore.

Further the Contractor shall submit the progress report of work- in prescribed form and charts etc. at periodical intervals, as may be, specified by the Engineer in charge. Schedule shall be in the form of progress charts, progress statement and/or reports as may be approved by the Executive Engineer.

The Contractor shall maintain proforma, charts, details regarding machinery, equipment, labour, materials, personnel etc. as may be specified by the Engineer and submit periodically returns thereof as may be specified by the Engineer-in-charge.

8. AGENT AND WORK ORDER BOOK

The Contractor shall himself manage the work or engage an authorised all time agent on the work and under standing the specifications and contract conditions. A qualified and experienced, Engineer shall be provided by the Contractor as his agent for technical matter,,, in case, the Engineer-in-charge considers this is essential for the work- and so directs Contractors. He will take orders as will be given by the Executive Engineer or his representative and shall be responsible for carrying them out, This agent shall not be changed without prior intimation to the Executive Engineer and his representative on the work site. The Contractor shall supply to the Engineer the details of all supervisory and other staff employed by the Contractor and notify changes when made, and satisfy the Engineer regarding the quantity and sufficiency of the staff, thus employed. The Engineer will have the unquestionable right to ask for

Contractor
MBMC

No. of Corrections

Executive Engineer

changes in the quality and number of Contractor's supervisory staff and to order removal from work of any of such staff. The Contractor shall comply with such orders and effect replacements to the satisfaction of the Executive Engineer.

A work order book shall be maintained on site and it shall be the property of the MBMC Bhayandar and the Contractor shall promptly sign orders given therein by the Executive Engineer or his representative and his superior officers and comply with them. The Compliance shall be reported by the contractor to the Executive Engineer in good time so that it can be checked. The blank work order book with machine numbered pages will be provided by the MBMC Bhayandar free of charge for this purpose. The Contractor will be allowed to copy out instructions therein from time to time.

9. CO-ORDINATION

When several agencies for different sub-works of the Project are to work simultaneously on the Project site, there must be full coordination and cooperation between different Contractor to ensure final completion of the whole Project smoothly. The scheduled dates for completion specified in each contract shall therefore, be strictly adhered to. Each Contractor may make his independent arrangement for water, power, housing, etc. if they so desire. On the other hand the Contractors are at liberty to mutual agreement in this behalf and make joint arrangement with the approval of the Engineer. No single Contractor shall take or cause to be taken by steps or action that may cause, disruption, discontent, or disturbance of work, labour or arrangements etc. of other Contractor in the Project localities. Any action by any Contractor which the Engineer in his unquestioned discretion may consider as infringement of the above code, would be considered as a breach of the Contract Conditions and shall be dealt with as such.

In case of any dispute, disagreement between the Contractors, the Engineer's decision regarding the coordination, co-operation and facilities to be provided by any of the Contractors shall be final and binding on the Contractors concerned and such a decision or decisions shall not vitiate any Contract nor absolve the Contractor (s) of his/their obligations under the contract not consider for the grant for any claim or compensation.

10 ASSISTANCE IN PROCURING PRIORITIES, PERMITS, ETC.

The Executive Engineer, on a written request by the Contractor, will if in his opinion, the request is reasonable and in the interest of work and its progress, assist the Contractor in securing-the priorities for deliveries transport perm its for controlled materials etc. where such are needed. The MBMC Bhayandar will not, however, be responsible for the non availability of such facilities or delay in this behalf and no claim on account of such failures or delay, in this behalf and no claims on account of such failures or delay, shall be allowed by the MBMC Bhayandar.

The Contractor shall have to make his own arrangement for machinery required for the work. However, such machinery conveniently available with the Department may be spared as the rules in force on recovery of necessary Security Deposit and rent with agreement in the prescribed form. Such an Agreement shall be independent of this contract and the supply of machinery shall not form a ground for any claim or extension of time limit it for this work.

11 QUARRIES

11.1 No quarries are available with MBMC- Bhayandar. The Contractor (s) shall have to arrange the same himself/them selves.

11.2 Quarrying permission @will have to be directly obtained by the Contractor, from the Collector of the district concerned for which purpose the department will render necessary assistance. All quarry fees, royalty charges, octroi duties, ground rent for stacking materials, etc. if any to be paid, shall be paid directly by the Contractor as per rules in force. The Contractor will however be entitled to a refund of part of such charges as per admissible under rules as mentioned else where in this contract, after obtaining a certificate from the Engineer-in-charge that the material were required for use on MBMC Bhayandar works.

12 TEMPORARY QUARTERS AND SITE OFFICE

The Contractor shall be liable to make good at his cost any plant or material belonging to the Government lost or damaged by floods or from any other cause which is in his charge.

16 POLICE PROTECTION

For the Special protection of camp and of the Contractor’s works, the Department will help the Contractor as far as possible, to arrange for such protection with the concerned authorities, if so required by the Contractor in writing/The full cost of *such protection shall* be borne by the Contractor.

17 SUPERVISION AND INSPECTION OF WORKS AND QUALITY CONTROL

18.1 SUPERVISION

The Contractor shall either himself supervise the execution of the works or shall appoint the competent agent approved by the Engineer-in-charge to act on his behalf. If in the opinion of the Engineer-in-charge, the Contractor has himself no sufficient knowledge and experience of receiving instructions or cannot give his full attention to the works the Contractor shall at his own expenses employ as his accredited agent a qualified Engineer approved by the Engineer-in-charge Orders given to the Contractor’s agent shall be considered to have the force, as if these had been given to the Contractors himself. If the Contractor fails to appoint suitable agent as direct by the Engineer-in-charge, the Engineer-in-charge shall have full power to suspend the execution of the work- until such date a suitable agent is appointed and the contractor shall be responsible for the delay so caused to the works and the contractor shall not be entitled for any compensation on this behalf.

18.2 The contractor shall inform the Engineer-in-charge in writing when any Portion of the work is ready for, inspection giving him sufficient notice to, enable him to inspect the same Without affected the further progress of the work. The work shall not be considered to have been completed in accordance with the terms of the contractor until the Engineer-in-charge shall have certified in writing to that effect Approval of materials or workmanship or approval of part of -the work during the progree of execution shall not bind the Engineer-in-charge or in any way affect him even to reject the- work which is alleges to be completed and to suspend the issue of his certificate of completion until such alternation and modifications or reconstruction have been effected at the cost of the contractor as shall enable him to certify that the work has been completed to his satisfaction.

19 INITIAL MEASUREMENTS FOR RECORD

Where, for proper measurement of the work, it is necessary to have an initial set of levels or others -measurements taken, the, same as recorded in the authorised field book or measurment book of MBMC Bhayandar by the Executive Engineer or his authorised representative will be signed by the contractor who will be entitled to have a true copy of the same made at his cost. Any failure on the part of the contractor to get such levels etc. recorded before starting work will render him liable to accept the decision of the Executive Engineer as to the basis of taking measurment. Like wise the contractor will not cover any work which will render its subsequent measurements difficult or impossible without first getting the same jointly measured by himself and the autorised representative of the Executive Engineer. The record of such measurments on the MBMC Bhayandar side will be signed by the contractor and he will be entitled to have a true copy of the same made at his cost.

20 SAMPLES AND TESTING OF MATERIALS

- 20.1 All materials to be used on work shall be got approved in advance from the Engineer-in-charge and shall pass the test and/or analysis required by him which will be :
 - a) As.specified.-in- the.specification for the items concerned and/or

Contractor
MBMC

No. of Corrections

Executive Engineer

- b) L.S.L. specification (whichever, and. wherever applicable), or
 - c) Such recognised specifications acceptable to Engineer-in-charge as equivalent thereto or in absence of such authorised specification..
 - d) Such requirement test and/or analysis as may be specified by the Engineer-in-charge in order or precedence given below.
- 20.2 The contractor shall at his risk and cost make all arrangements and/or shall provide for all such-facilities as the-Engineer-in-charge may require-for collection, preparing number of samples for tests or for analysis at such time and to such place or places as may be directed by the Engineer and bear all charges and cost of testing such samples shall also be deposited with the Engineer In charge.
- 20.3 The-contractor shall if and when if required submit at his own cost the samples of materials to be tested and analysed and.if, so directed shall not make use of or incorporate in the work any materials represented by the samples until the required tests, or analysis, have been made and the materials finally accepted by the Engineer-in-charge.
- 20.4 The-Contractor shall not be eligible for any claim or compensation either arising out of any delay in the work or due to any corrective measures required to be, taken on account of and as a result of testing of the materials.
- 20.5 The Contractor or his authorised representative will be allowed to remain present in the department of laboratory while testing samples furnished by him. However the results of all the tests carried out in the department laboratory in the presence of the contractor or his authorised representative will be binding on the contractor.
- 20.6 The contractors shall at his own cost set up Laboratory to carry out the routine tests-of materials which are to be used on the work. The tests will have to be carried out either in his filed laboratory or in approved laboratory. In case tests are carried out in filed laboratory, at least 50% tests should be carried out in nearest quality control laboratory of the MBMC Bhayandar.
- 20.7 In case of material procured by the contractor, testing as required by the code and specifications shall be arranged by him own cost. Testing shall be done *in the* presence, of authorised representative of the Engineer-in-charge. at the nearest approved laboratory. If additional testing other than as required by specification *is ordered*, the testing charges shall be borne by the MBMC Bhayandar if the test results are-satisfactory and by the contractor if the same are not satisfactory.
- 21 **Penalty amount :-**
If the contractor fails to perform any of the contractual obligations, including delays in work execution, poor quality of work, non-compliance with specifications, or failure to adhere to the approved program, the Department shall levy penalty of Rs. 5000 to Rs. 50,000/- per day at the discretion of the Engineer-in-Charge according to quantum and urgency of the work repairing of all electronics work such as AC repairing, wiring works, Generator, lift, crematorium etc. in time limit period.
- 22 **Monitoring system :-**
The contractor shall establish and maintain an effective monitoring system using GPS, photographic evidence, digital logs, or other approved technological means to identify the potholes and to ensure timely execution including quality control and compliance with all contractual obligations. The system shall include routine inspections, progress reporting, and record-keeping for all activities under the contract.
- 23 **Non performing clause :-**
If, in the opinion of the Engineer-in-Charge, the contractor fails to perform the work as per the approved programme, specifications, or directions under and as per any tender clause, or if the progress or quality of work is found to be unsatisfactory, such performance shall be treated as non-compliance and penalty shall be levied as per the terms of the contract.
- 24 **Payment as per availability of fund :-**
Payment to the contractor shall be made strictly subject to the availability of funds with the Mira Bhayandar Municipal Corporation (MBMC). In the event of any delay in the release of funds, the MBMC shall not be held liable for the payment of any interest, compensation, or damages whatsoever. The contractor shall not suspend or slow down the work on account of delayed payment and shall continue to execute the work as per the approved programme and directions of the Engineer-in-Charge. The MBMC reserves the right to release payments in part or in full, depending upon the availability fund.
